

Do you have trouble finding a GREAT book to read? Here are some helpful hints from your librarians.

1. Ask your librarian or your teacher for a recommendation.
2. Look in the Destiny catalog from home or school. (Make sure to check the reading level and that the book is not checked out.)
3. Read another book by your favorite author.
4. Read books in your favorite genre area. (Look for genre stickers on the book's spine).
5. Check out recommended reading lists such as:

[Newbery Medal Home Page](#)
